

## RELIABLE CLOUD BACKUP & RECOVERY PLAN SECURE YOUR CLOUD & DATA

Veeam® Backup & Replication™ leverages virtualization, storage, and cloud technologies to provide Availability for the Modern Data Center™ to deliver recovery time and point objectives (RTPO™) of < 15 minutes for ALL applications and data.

- VEEAM is a Fast implementation with **99.99%** success rate
- VEEAM Recovery takes **max 15 minutes** for large VM
- VEEAM backs up the **whole** VM but can restore only what you need (some files, some coding....)
- VEEAM **success rate** of automated backups is **99.99%**
- VEEAM works with **Linux & Windows** (VmWare & Hyper-V)
- VEEAM backup can be done per hour, day, minute...

This means you get all of the advanced features your business relies on, like item-level recovery, file-level recovery and Instant VM Recovery—all without agents!
